Two resolutions were among the most important order of business. The first, calling for the dissolution of the Daly City Merchants Association and the disposition of its property, was passed unanimously by members of the association. By motion a resolution was introduced creating the Daly City Chamber of Commerce and giving officers of the Daly City Merchants Association powers of administration until such time as officers of the Daly City Chamber of Commerce are duely elected and qualified The motion was passed unanimously. Nomination of officers for the chamber will take place before the October meeting.

A constitution and set of by-laws, as outlined by the United States Chamber of Commerce, directing the administration of the new organization was read and adopted. In order to give everyone who wished to become a member of the chamber an opportunity to file a charter membership blank, it was announced that the charter membership role would remain open 'till the October meeting.

General purposes of the local chamber are to promote the civic, commercial and industrial interests, resources and welfare of Daly City. Its activities shall be non-partisan and non-sectarian.

Mayor Paul G. Selmi, Chief Chesney of the Daly Fire Department, W. E. Pitschke and Mrs. Ann Eason delivered short addresses, wishing success to the new chamber.

NEW PLANS FOR DECORATIONS AT FLORAL FIESTA

Expected Changes In Use Of Materials Will Make Effect More Attractive

Officials have anounced that changes are planned in the decorative and display features of the annual County Floral Fiesta, to make the event more beautiful, more colorful and more entertaining than any of the eight previous floral celebrations.

Instead of bark covering the huge columns beneeath the Bay Meadows race track grandstand, where the floral displays of the September 21 to 25 event will be located, the pillars this year are to wrapped in gold and silver material, set off by trimmings of green and sky blue.

The floral displays themselves are to be so arranged as to emphasize vistas of lovely avenues, the officials said.

And they made it plain that they intend to make the exhibits beautiful for spectators from the moment they enter the hall door, to the point when they exit. One of the first displays to greet visitors will be an elaborate arrangement of orchids. And nearby will be a new feature of clinging vines and other climbing flowers gracing a latitce work.

Meanwhile another plea went out for dancing, singing and acting talent to take part in the Lou Ashe-directed pageant, "The Rise of Don Largo," which will share with a three-day rodeo the entertainment limelight of the Fiesta.

Persons wishing to take part in the pageant have been requested to get in touch with Fiesta headquarters at 116 B street, San Mateo. Rehearsals are to begin in the near future.

PUBLISHERS OF COUNTY MEETING PROVES HELPFUL

Members Decide Against Free Publicity—Believe Advertising Space Should Be Used By Candidates

The monthly dinner meeting of the San Mateo County Press Association was held at Pete and Mary's in Redwood City last Monday evening. President L. E. Harris of the Menlo Park Recorder presided.

Discussion centered mainly on the county political situation and the demand upon newspapers for free publicity. It was the opinion of many of the publishers that candidates should not carry their paid business outside the county and then seek free publicity from the papers at home.

After reports of various committees the meeting adjourned, to meet in San Carlos September 12. Lester Lafferty of the San Carlos Enquirer will be host publisher.

Those present were Miss Bernice Batterton, Belmont Courier; Mr. and Mrs. George McQueen, Burlingame Advance; Mr. and Mrs. W. E. Pitschke, Daly City Record; Mr. and Mrs. George Dunn, Half Moon Bay Review; Mr. and Mrs. L. E. Harris, Menlo Park Recorder; Mr. and Mrs. Sam Winkleback, Redwood City Tribune; Mr. and Mrs. Floyd McCue, Redwood City Standard; Lester Lafferty, San Carlos Enquirer; Mrs. P. W. Brubaker, San Mateo Times; Mrs. Aileen Bramble, South San Francisco Enterprise, and Mr. and Mrs. Harry Butler, San Mateo Times.

JAPANESE CAPITAL FEARS SOVIET AIR RAIDS

While Soviet artillery and war planes bombarded Koho, Korea, Japan laid plans to protect Tokyo and other major cities in case Soviet planes should raid the Island Empire. Authorities stated that sixty Soviet planes participated in the raid on Koho. Inhabitants of the town were evacuating their homes. Semi-official news dispatches stated that a dense fog rendered the Russian air force inactive at the immediate scene of fighting. Strict air defense measures were ordered in Korea, including light control. Similar action was taken and in some cases redoubled in Japan proper. The light control system was being extended through almost all islands, especially around Tokyo. Photo shows an aerial view of the Japanese capital, Tokyo.

The Board of Supervisors at its meeting, Tuesday of this week, voted unanimously to accept the offer of the W. H. Howard Estate Company and purchase 403 acres of Coyote Point property for $50,000. Adventurers Reach End Of Journey

The adventurers rested in Boulder City, Nev., early this week, after a dangerous trip down the Colorado river, forty-one days after they left Green River, Utah.

This week marked the end of an exciting journey for five scientists two of them women faculty members of the University of Michigan. Their weathered faces beamed with pleasure as they announced that they were glad the expedition was over. There were moments, during the trip, they declared, when a slip might have brought their adventure to a sudden ending.

The fact that the mighty Colorado has only 500 rapids in it, between Boulder City and Lake Mead, causes within us feelings of awe and admiration for the courageous men and women who undertook the hazardous journey for the sake of science.

The Jardines were guests of Rev. William F. Rugg (center) of Burbank and after a visit to Los Angeles will go to Coronado and then to Oakland, Cal. When questioned about the world famed wedding, Rev. Jardine said: "My bishop sent me a telegram in care of Edward, asking me not to perform the ceremony, but there was such an avalanche of messages that we did not get around to opening them until after the wedding." Of 3,000 letters the clergyman received after the ceremony only four or five persons signed their names, he added.

CATTLE SHOW TO BE FEATURE OF STATE FAIR

Appropriate Premiums Have Been Arranged To Be Awarded For All Classes

In recognition of the great cattle industry of California, with its annual income in excess of $100,000,000, the California State Fair and Exposition, to be held in Sacramento September 2 through 11, has arranged appropriate classes and premiums which will bring the finest animals to the stock show.

With premiums totaling close to $23,000, Secretary - Manager Robert Muckler revealed that the four great classes of beef cattle, Hereford, Shorthorn, Aberdeen - Angus and Milking-shorthorn, will split interest with the four great dairy breeds, Holstein-Friesian, Jersey, Guernsey and Ayrshires.

California's bovine population, according to latest reports of George A. Scott, agricultural statistician, is 2,278,000 head. Of these 667,000 are dairy cows. The San Joaquin valley claims the greatest number of dairy cattle while the northern range counties lead in beef cattle.

Entries in these classes will close August 15 and many new rules and notices are being mailed to exhibitors and breeders.

Stockmen are filing entries with an eye to the premier breeder and premier exhibitor banners issued by the California State Fair. These are much sought prizes, attracting national attention and are always displayed with the cattle at subsequent shows.

A new class at the State Fair this year will be of interest to those buying market meats as well as to the breeder and the dealer. It will be known as the carcass class.

The housewife will be interested in the quantity and quality of flesh and fat. The dealer in the shrinkage of the various breeds as well as slaughtering and cooling methods which will be provided by some of the great packing companies. The breeder, by studying the judge's reports, will learn what breed of cattle furnishes the best type of meat.

DEMAND IS MADE FOR DISMISSAL LAY OFFICIALS

Claim Supervision Of Water Districts By "Citizens Advisory Committees" Is Illegal

The San Mateo County Board of Supervisors at their meeting, Monday of this week, receivel a letter from the grand jury demanding immediate dismissal of all "citizens' advisory committeess" from illegal supervision of water districts in the county.

The letter from the grand jury stated its current investigation by that body of the Willow Road Water District's affairs had revealed:

1. "Improper delegation" of the board's authority to a citizens' committee, done years ago by the then board of supervisors, and continued to the present time.

2. That the Willow Road District has been "grossly mismanaged, resulting in a probable loss of thousands of dollars."

3. That it has been brought to the jury's attention that there are other districts managed by citizens' committees, in which the board formed the governing body.

"The grand jury requests," said the letter, "that the board immediately dissolve the citizens' committees and take active and complete charge of the Willow Road Water District's affairs and other districts where authority has been improperly delegated to such committees."

A group of three leaders of the Ravenswood, East Palo Alto and Willow Road districts have called a mass meeting at Ravenswood school house the night of August 10 to discuss the advisory group's report proposing joint purchase of water from Hetch Hetchy.

Deputy District Attorney D. E. Sullivan said that joint purchase and distribution of water, as well as joint management and maintenance and purchase of supplies would be the "ideal solution" of the problems of all three districts.

Nine Best Greyhounds Will Compete In Finals Saturday Of Next Week

R. L. Wing is sending the most young dogs out for the rich prize with four nominees: Shirayuki Caperton, Caperton Cub and Owen Caperton.

The best kennels at the track are sending one, two or three of their best young dogs to the race.

Eight-dog semifinals will be run next Wednesday and Thursday nights, with nine dogs running for the purse Saturday night. All California Derby races will be at five-sixteenths of a mile.

CUSTODIANS AND LIBRARIANS MEET IN NEW BUILDING

All Those Attending High In Praise Of Addition And Furnishings

Daly City was host at a meeting of librarians and custodians of the San Mateo County Free Library and its branches held, Saturday morning of last week, at the Daly City Public Library.

Miss Clara B. Mills, county librarian, conducted the meeting.

First speaker was Miss Wilhelmina Harper, Redwood City's distinguished librarian and a noted author of children's books. High-lighted in her talk of current juvenile award winners were intimate glimpses in the rise to fame of Miss Kate Seredy, who is being acclaimed for her book "The White Stag," which won for her the Newbery Medal Award for last year.

Daly City Councilman Henry Sundermann, who is chairman of the library committee, spoke on the history and progress of library activity in Daly City and explained the steps which were necessary in securing for the Daly City reading public the beautiful addition which was recently opened. At the conclusion of his speech, Mr. Sundermann was given a vote of appreciation by all those present for the visible results of his excellent leadership.

Miss Dills entertained the group with an interesting account of her recent trip to the East, during which she and Miss Harper attended the annual convention of the American Library Association.

Following adjournment of the meeting, guests were taken on a tour of inspection of the new addition by Mrs. Jean O'Rourk, who explained details of the establishment.

Luncheon was served to guests at the Relish Bakery at 12 o'clock.

Crocker P. T. A. Sew And Sew's To Meet

The members of the Crocker Sew and Sews will be pleased to hear we have succeeded in getting the use of Sigmund Sterns Grove for our meeting on Thursday, August 11. As most of our members will be home again from their vacations, and as this will be one of the last oportunities mothers will have to take their children for an all day outing before the start of school, we are anticipating a large gathering. Come, bring your lunch and prepare for an enjoyable picnic and "get-together."

The meeting last Thursday at the home of Mrs. Pahlka was very successful. The quilt is almost completed and the fancy work for the bazaar is coming along beautifully. Now that everyone is rested up by vacations, every member should be willing to get in and work to make the bazaar the success it was last year.

MERRIAM

A Good Governor

MIGHT BECOME REGULAR PART OF OUR NAVY

If the Seventy-sixth Congress revives and passes the Reorganization Bill it may put an end to the 148-year peacetime independence of the U. S. Coast Guard, making its 300 ships and 10,000 men part of the U. S. Navy, the new issue of the March of Time, "U. S. Coast Guard," reveals. Such a move has had the backing of President Roosevelt since wartime days, when he served as Assistant Secretary of the Navy, and the Reorganization Bill would have given him power to effect such a reform.

March of Time's "U. S. Coast Guard" is the detailed and exciting story of the Coast Guard's work, from actual training of officers at the Coast Guard Academy at New London, Connecticut, to the work of the Coast Guard on the seas. The film shows how Coast Guardsmen protect life and property along the maritime borders of the United States, why they have been chosen as International Ice Patrol by the principal maritime nations of the world, their work in time of floods. Herein are recorded the thousand and one dangerous duties they perform as routine functions day in and day out, and a comparison of their training and activities with that of the Navy.

In "U. S. Coast Guard," the work of the Intelligence Division of the Coast Guard is brought to the screen for the first time, by special permission of the Coast Guard. The film reveals that the secret service of the Coast Guard is today waging war against a group of former rumrunners who are smuggling arms and ammunition to warring nations in violation of U. S. neutrality laws.

March of Time's "U. S. Coast Guard" is playing at the Daly City Theater next Sunday, Monday and Tuesday.

OUR BELOVED DICTATOR Elected BY "UNANIMOUS CONSENT"

AMERICANS, trained in the ideals of free government, sometimes fail to understand the technique of dictatorship. Universal suffrage still exists in Russia and Germany, manhood suffrage continues in Italy and Japan. Elections are regularly held in all these countries and the government in each of them professes to rule by popular consent. But this consent is a hollow gesture, because the people have no alternative. No opposition to the government appears because newspapers are not free. The people, having no voice, nor means of publishing their own opinion, act as they are told to act and finish by thinking as they are told to think. The first requirement for a free government is that there be a free press. Your newspaper shares with you the privilege and the duty of perpetuating the institution of American liberty. Its responsibility is to speak to government as the voice of the people. Your responsibility is to see that newspapers shall always remain free. Support your newspaper—protect it—for its welfare is your welfare—and its freedom is your freedom.

Christian Science Lesson Sermon For Next Sunday

"Spirit" will be the subject of the Lesson-Sermon Sunday, August 7, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Golden Text will be: "The fruit of the Spirit is in all goodness and righteousness and truth" (Eph. 5: 9). Other Bible citations will include: "But as it is written, Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him. But God hath revealed them unto us by his Spirit: for the Spirit searcheth all things, yea, the deep things of God" (I Cor. 2: 9,10).

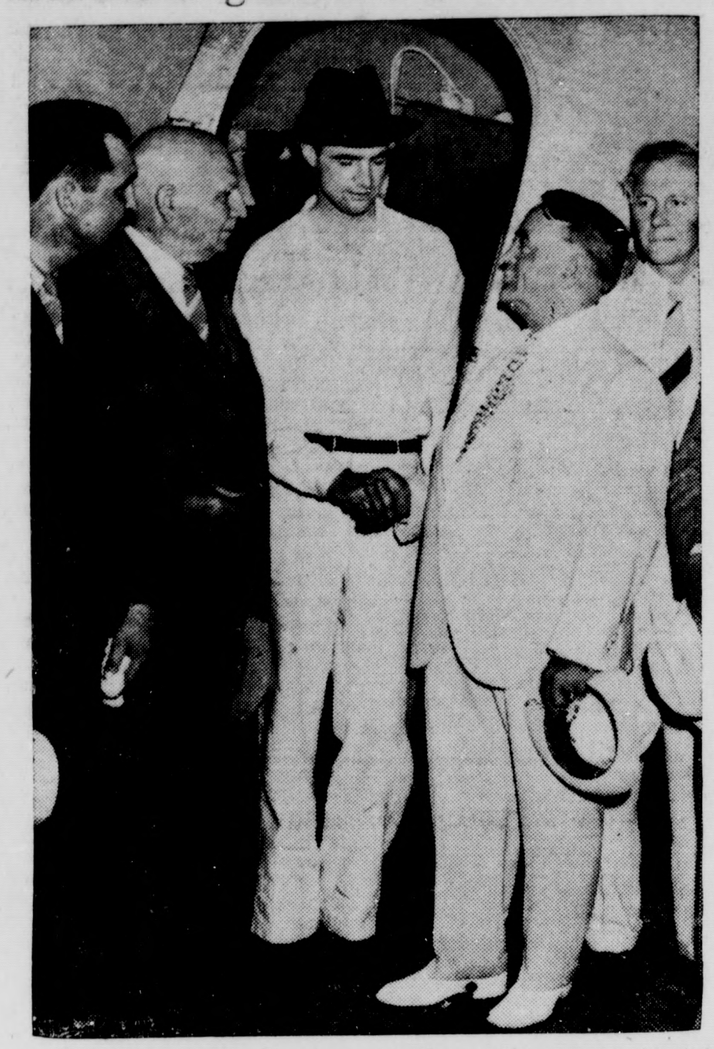
The Lesson-Sermon will also include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Spirit blesses man, but man cannot 'tell whence it cometh.' By it the sick are healed, the sorrowing are comforted, and the sinning are reformed. These are the effects of one universal God, the invisible good dwelling in eternal Science." (p. 78).

Former Daly City Pastor Visits Here

Rev. E. Rich, a former pastor of Grace Presbyterian Church on Hanover street in Daly City, and his grandson, Steven Stevenson, were visitors, Friday afternoon of last week, at the home of Mr. and Mrs. N. Meeth of Westlake avenue. They were en route home to Watsonville from Santa Barbara, where they attended the Presbyterian Senate.

Reverend Rich's grandson has been attending school in the East during the absence of his parents in the Philippine Islands, as missionaries, and is visiting with his grandfather until the opening of the University of California, where he has registered for the coming term. Steven is studying for the ministry.

Howard Hughes Arrives In California



To a chorus of cheering thousands, Howard Hughes, world girdling flyer, set his plane down in Los Angeles when he recently returned to the West after his amazing feat of speed flying round the earth. Governor Frank F. Merriam of California and Mayor Frank Shaw of Los Angeles were on hand to extend the West's greetings to the Texas millionaire sportsman As Hughes rode through downtown Los Angeles business was stopped and throngs of office workers lined the curb to welcome Hughes back home. Photo shows left to right, Lieutenant Thomas Thurlow, navigator on the trip; Governor Merriam, Howard Hughes, Mayor Shaw and Harry Connor, also a navigator on the record breaking trip.

The chief reason why he wanted a divorce from his wife, W. H. Wilson of Terre Haute, Ind., told the judge was that she "kidnaped" his false teeth and refused to return them until he had paid $2.

DEPARTMENT OF RECREATION WIN ANOTHER GAME

All Teams From Uncle Sam's Ships Seem To Be "Cousins" To Home Town Boys

Running true to form by winning the seventh straight game with no loss this season, the Daly City Recreation team beat the much lauded team from the U. S. S. Maryland by the score of 8-5 on the Jefferson High School diamond, last Saturday afternoon. Features of the game were the batting of Joe Lucia (recently and in error nicknamed "Casey"), Petrocchi and Owens; Lucia got 2 for 5, one of them a home run. Petrocchi 2 for 4, one of which was also a circuit clout, and Owens hit 4 for 5.

With the score tied nothing to nothing at the beginning of the fourth inning, the Daly City swat artists went in to put the game on ice, making three runs in that inning, two in the fifth and two in the seventh after the sailor boys had again tied the score in their half of the seventh. An additional run in the eighth, while not necessary, was tossed in by the Daly City team in the eighth inning.

Next Saturday afternoon the town boys take on another team from one of Uncle Sam's ships, game to be called at 2 o'clock on the Jefferson High School diamond.

The high school team, also under the sponsorship of the Daly City Recreation Department, travels to San Mateo this afternoon to take on the high school team from the Floral City.

MUNICIPAL INDEPENDENCE

STARTS WITH THE INDIVIDUAL--WITH YOU

A chain is no stronger than its weakest link. Neighborliness, thrift, pride in our homes, our businesses, our public improvements and ourselves, the will to progress and prosper—these are all links in the chain of Municipal Independence.

How strongly we forge these links depends upon the individual; upon you and me and our neighbor across the way. We hold the fate of our city in our own hands. Whether it is a good place to live in and will keep getting better is solely up to us.

See how all these links lead up to one point:—Neighborliness tells us to deal with our friends whose interests are our common interests. And it tells our neighbors to act in like fashion toward us.

Thrift tells us that our neighbors are interested in holding our patronage and that the best values are right here at home.

Pride in our homes, our business, our public improvements and ourselves and the will to prosper and progress become reality if we enrichen ourselves and the community by spending the money we make in our own city.

Let's not be a "feeder town" fattening some one else, ten, one hundred or one thousand miles away.

Spend your money where it brings you an honest dollar's value received and returns to work for your individual and our municipal independence—at home!

MYSTERY PLAYS HOLD STAGE AT LOCAL THEATER

Lowly Milkman Holds Spotlight In Laugh Producer At Alcazar

The ever interesting problem of "who done it" is probably the reason why mystery plays and mystery stories have such a tremendous following. "Night Must Fall" is this type of play and nightly the Alcazar Theater has been filled to capacity by an audience that thrilled to the strange behavior of an arch criminal with an attraction for women. "Night Must Fall" ends Saturday night to be followed Monday, August 8, by its exact counterpole, "The Milky Way," a highly amusing comedy.

"The Milky Way" will probably have as great or greater following as the mystery thriller, as has already been demonstrated by advance requests for seats. The play held the boards for nearly two years in New York and then when about finished was given new lease on life by Harold Lloyd, who produced it for the silver screen. It was one of Lloyd's greatest hits and is still running in the back counties.

"The Milky Way" has nothing to do with astronomy. It is about a milkman whose gentle soul was given more to a love for horses and dogs than corporal punishment, which is supposed to be the prize fighter's stock in trade; yet he wound up as middleweight champion through the most amazing and laughable series of circumstances any screwey playwright had ever before thought of to wring a laugh from his audience.

BOY SCOUT NEWS

TROOP NO. 141

Meets Thursdays 7 to 9 p. m. at Nazarene Church, Vista and Santa Barbara

CUB PACK NO. 141

Well, it seems we missed two issues of The Record. Maybe we have a good excuse, though, as most of our members were away to this or that camp or on a trip to some part of vacation land.

SEVEN SCOUTS AND LEADER AT LILIENTHAL

Scouts Glenn Goode, Donald Laston, Richard Russell, Robert Sutherland, Kenneth Claussen, Richard Worthington and John Mosman, accompanied by Troop Committeeman Joseph Straughan, spent a joyous two weeks at the camp in Marin County.

DID OUR OWN COOKING

The group did its own cooking at the camp. Mr. Straughan was chef, with two scouts assigned to help him each day. The meals were well planned and properly balanced. The camp field stove was a splendid one. Its oven worked especially well and provided biscuits, muffins, cookies, cakes, pies and other items of baked goods.

An evaporation cooler, improvised from an orange crate and some cloth, kept the butter, milk and vegetables nice and cool.

Lettuce, beats and swiss chard with the roots on were taken along and planted in a shaded place and the party had those foods fresh when needed.

Swimming seemed to be the greatest attraction at the camp—and all did their share of it. Most of the Scouts passed various tests and worked on a number of craft projects in the craft hall.

Some of our troop moving pictures were shown at a camp fire program and were greatly enjoyed.

Don't tell anybody, but Don Laston went out with his flashlight one night to see what time it was by the sun dial.

CUBS HAVE OUTING

Last Monday Mr. Straghan loaded a lot of Cubs into old Soy Bean and went down the coast for a good time.

Cubs Henry Herting, Warren Herting, Frank Devlin, Jimmie Dake, Keith Claussen, Carl Sterner, Jackie Coons and Herbert Derungs. Candidate Allen Siler and Mascot Jimmie Pedersen, also Den Chief Richard Russell, were special guests.

Our first stop was at Ghost Canyon, where we visited with Mr. Ivan the hermit. We were all invited into his house and it was about as crowd-ed as Soy Bean. Mr. Straughan took a picture and we looked like the children that lived in a shoe. Mr. Ivan showed us his "plantations" and the garlic that he had harvested.

We went past the house of a thousand doors and finally ended up at Salada Beach. About an hour was spent in the swimming pool before we ate lunch. After eating we played on the beach and took a dip in the cool surf. Everyone had a real good time just diving, swimming and paddling around.

Boss: "Duty comes before pleasure."

Clerk: "Yes—but only in a dictionary."—600 Mag.

CALIFORNIA FIRST LISTED IN SOCIAL SECURITY GAINS

California leads all states in the amount of money received from the federal government for the support of needy aged persons, the needy blind and dependent children under the public assistance provisions of the social security act.

Figures released this week disclose that $41,648,247 in federal grants have been made to California since the federal-state arrangement became effective more than two years ago.

The total allotment included $36,515,745 for aid to the needy aged, $3,065,068 for assistance to dependent children and $2,067,434 for aid to the needy blind. Current grants to California under these three programs now average more than $2,000,000 per month.

Niece Of Fire Chief Chesney Is Married

Miss Francis Michael, niece of A. P. Chesney of Crocker avenue, and Emmet John Sullivan were married, Saturday morning of last week at 11 o'clock, at Saint Charles Church in San Francisco, at a nuptial mass. Rev. Father Bernard officiated.

The bride, who was given in marriage by her brother, Charles McMichael, wore a gown of white satin and lace modeled on princess lines with a train. A wreath of lilies of the valley held her veil and she carried a shower bouquet of gardenias and lilies of the valley.

The bride's sister, Miss Eunice McMichael, was maid of honor and was gowned in powder blue lace and net. A circular veil of matching color, secured with a cluster of flowers, and a large old fashioned bouquet completed her ensemble.

After the ceremony a reception was held at the home of the bride, following which the newlyweds departed for the Yosemite Valley and southern California on the honeymoon.

Colma News Notes

Mr. and Mrs. Joseph Garibaldi of the Golden Valley Nursery are driving to Grants Pass, Oregon to attend the gladiola exhibition, where Mr. Garibaldi hopes to obtain some new varities of this beautiful flower.

The first two deer to arrive in Colma since deer season opened are hanging in Dave's Market. The deer were killed in the Black Hills by a group of Colma and South San Francisco hunters.

On Wednesday evening, a thief stole about two dozen chickens from Mike Raggio and P. Pedemonte. The matter has been referred to the sheriff's office in an endeavor to track down the culprit.

A party of eleven men, including Angelo Olcise, Less Volkman and his young son, George Volkman, Leon Domeceus and his young son left, Friday night, for a one week deer hunting trip in the wilderness of Mendocino County.

Leon Domeceus of the Excelsior Dairy will return from his deer hunting trip in Mendocino County to find that, while he was hunting deer there, someone hunted the pet deer he had harbored in his back yard for a long time. Someone broke into the pet's pen at his ranch, Wednesday night of this week, killed and hauled the deer away.

VOTES SUM FOR COAST HIGHWAY

In an effort to induce San Francisco County to vote its share of $66,000 yearly for the four years, the Board of Supervisors of San Mateo County, Tuesday of this week, passed a resolution to the effect it is prepared to put up $38,000 per annum for the next four years to pay the district's share of the costs of the Lobitos-Bean Hollow sector on the Ocean Shore boulevard.

San Mateo County assured Joint Highway District No. 9 and the other two counties in the district, Santa Cruz and San Francisco, of its ability to raise the required amount.

Santa Cruz County will be asked to supply $16,000 annually.

Is Honored With Military Burial

At the Little Chapel of the Sunset, San Francisco, Thursday afternoon of this week, funeral services were conducted for Rush Wayne Waddell, who passed away at his home, 287 Los Olivos avenue, Monday morning of this week.

The deceased had been a sufferer for eleven months, lovingly and faithfully cared for by his wife in the home. He had previously been employed by the Southern Pacific Railway Company and at one time had received an injury, which it is believed might have caused his fatal illness.

The Waddells have been residents of Daly City for about 15 years, except for a short period, when they resided in Redwood City.

A friend recalls a visit to their home on Christmas eve of 1937. Mrs. Waddell had decorated a large tree, which radiated its colorful cheer to brighten the holiday season. Underneath the tree was a miniature village all aglow in anticipation of the Great Birthday Party. The shut-in enjoyed sitting in his big chair before the illuminated corner watching the activities of the tiny village.

During the last month of his earthly stay, Mr. Waddell made many plans in anticipation of his departure. Having served in the United States army, his wish was that burial might be made in the National Cemetery at the Presidio. This request was granted.

An uncle, step-mother and step-sister living in San Jose also mourn his demise.

The deceased was a native of San Jose. Although only 38 years of age, he, no doubt, covered many years of actual living in that short span by the patience and appreciation he expressed during the many months of suffering and inactivity.

Gemur Will Case Put Over For Month

The 1932 will of Joseph H. Gemur was granted a new continuance of one month, this week, after the hearing of the petition for probate in the court of Superior Judge McNutt, Redwood City.

The six-year-old will of a $150,000 estate, left by the wealthy Menlo Park and Mayfield property owner, is being contested by a stepdaughter, Mrs. Blanche Bonney Graham of Spokane, Wash., who was left $5 by Gemur.

A later will was thrown out after testimony that an attempt was made to validate it after Gemur's death.

WARNS AGAINST RECENT HAZARD

Safety Commission Says: Drive Your Own Car And Let Other Fellow Drive His

Once in a while a driver of a motor car has the unique experience of surviving, even without personal injury, a collision with a locomotive at a grade crossing. Such an escape occured in this county recently.

According to the report, two factors were mentioned as causes of the accident. One was that the car's radio prevented the driver from hearing the second warning bell. This is a comparatively recent traffic hazard, but it is one that demands serious consideration. A driver must guard against dividing his attention between the road and the radio program. He must remember, too, that the sound of the radio may prevent his hearing warning sounds and signals.

The other factor that entered into the local accident, according to reports, is the driver's statement that immediately after the first train had passed, those behind her in line impatiently sounded their horns to urge her to proceed. Knowing that the first in line carries the load of responsibility, it would seem that both courtesy and common sense would deter those behind from a practice that tends to confuse that driver.

Again may we admonish every motorist,—don't try to drive the other fellow's car with your horn.—San Mateo County Traffic Safety Commission.

Altamont Pass Now Ready For Traffic

Many Peninsulans joined the autocade of traffic over the new and modern four lane highway, which opened, yesterday at 10:30 a. m., when Governor Merriam, wielding a hot branding iron, cut a rawhide barrier across the road.

Thousands of cars sped through the hills of Altamont en route to central California over this much needed Livermore Pass highway, which follows almost exactly the same route used by the old stage coaches of more than a century ago.

The ceremony marked the finish of the pass, which for years was congested with traffic to the valley and was the scene of many serious accidents.

Dividends Paid By Transamerica

John M. Grant, president of Transamerica Corporation, made announcement this week of the distribution of approximately $4,200,000 in dividends to stockholders.

Checks representing the regular semi-annual dividend of 37½ cents a share, to holders of record at the close of business July 15, have been sent to some 200,000 individual stockholders.

"This should be good news to all varieties of business," commented Grant. "The flow of such a large sum of money into channels of trade should have a stimulating effect."

Lawyer For Steward Of Lost Clipper Refutes Wife

Mrs. Mildred Parker

Mrs. Mildred Parker, widow of Ivan H. Parker, steward on the ill-fated Hawaii Clipper, who, according to her husband's attorney had demanded "satisfactory financial settlement" and not an offer of reconciliation in the letter she sent her husband after he took-off on the tragic journey. Mrs. Parker had described the letter as an offer at reconciliation. Parker filed suit for divorce before taking off, charging his wife had forced the separation.

COUNTY BOARD DECIDES TO BUY AREAS FOR PLAY

Votes To Acquire Property At Coyote Point — Final Steps Taken To Purchase Lagoon Area At Brisbane

(Continued from Page 1)

property for the Coyote Point recreational center, after a stormy session at which Sam D. Merk, recreation commissioner and former Burlingame editor, characterized the contemplated acquisition of the old Pacific City site as a waste of public funds.

Beer took sharp issue with the Burlingame leader, declared that the latter had been "very much misinformed," and defended the proposed deal between the county and the W. H. Howard estate as "so desirable that the board should not turn it down under any consideration."

At the same meeting the board authorized the county right-of-way agent to make necessary title searches and to proceed with the purchase of eight acres of land required for the Brisbane Lagoon park. The purchase is subject to an agreement with the Crocker Estate Co. to suply rock necessary for fills. According to Campbell, the county is expected to pay $4000 immediately from its land acquisition fund, and to complete the purchase before the end of the year.

At the request of County Planning Advisor Ronald Campbell, the Planning Commission was authorized to study a plan whereby the county would acquire from the state title to all tax delinquent beach front lots on the Coastide, in order to be in position to consolidate park land holdings by trades with other owners.

FORMER CHIEF DEAD

Louis Oaks, 56, passed away, this week, in the Methodist Hospital in Los Angeles. Oaks was formerly chief of the police department in the southern metropolis and was a leading political figure as well.

Several months ago he became the victim of heart disease and on that account retired from active police duty.

"OF HUMAN HEARTS" STORY OF OHIO'S PIONEER DAYS

Guy Kibbee, Beulah Bondi and Walter Huston in "Of Human Hearts"

PICTURE DEPICTS FAMILY TROUBLE

"Of Human Hearts," Walter Huston's first screen appearance since his triumphs in "Dodsworth," is the attraction coming, Sunday, to the Daly City Theater, with James Stewart, Beulah Bondi and an elaborate character set.

The new picture, directed by Clarence Brown, is the story of an itinerant preacher and his family in an Ohio village of Lincoln's day. Father and son misunderstand each other and there are family troubles. The boy deserts the family to become a doctor, the Civil War intervenes, and he is finally set on the right path by Lincoln. Dramatic highlights such as the desperate fight between father and son are interspersed among tender human intrest and comedy sequences.

The picture marks the film debut of Leatrace Joy Gilbert, daughter of the late John Gilbert. Also prominent in the large cast are Guy Kibbee, Charles Coburn, Gene Lockhart, Ann Rutherford, Arthur Aylesworth, Clem Bevans, Charley Grapewin, Gene Reynolds, Sterling Holloway, Charles Peck, Robert McWade, John Carradine, Leona Roberts and Minor Watson.

Much of the picture was filmed on a replica of an Ohio village where the company of 200 was on location for weeks. Five hundred horsemen figure in the cavalry charge, which is the only war scene in the picture. The film introduces to the screen "Pilgrim," the remarkable horse actor, as Huston's faithful steed.

Also, on the same program, is Victor McLaglen in "Battle of Broadway."

Notice To Local Organizations

An anouncement was made in The Record last week stating that officers and leaders of service, social, fraternal and religious organizations in Daly City would be sent invitations to attend the inauguration of a Chamber of Commerce.

Due to the fact that all organization secretaries could not be contacted and because of the tremendous amount of detail work which had to be handled by the acting Chamber of Commerce staff, written invitations were not sent out.

All organization officials and leaders who attended the inaugural meeting of the chamber were welcomed. It is planned that at a later date such men and women will be invited to sit at a special session with the Chamber of Commerce and discuss activities which will be of mutual interest and welfare.

M.G.M's GREAT $5,000 PRIZE TITLE CONTEST PICTURE!

A Tip-off about a great picture... "OF HUMAN HEARTS"

Every once in a while, after a picture has played and gone, we get swamped with 'phone calls and reproaches from folks who say, "Why didn't you tell us about that wonderful movie? We've heard it's the best film shown so far this year. Why didn't you tell us?"

To be sure that you know *in advance*, we want to go on record right now about "OF HUMAN HEARTS". It is one of those pictures which you would insist that we tip you off about! It is unquestionably the greatest motion picture to appear thus far in 1938.

This great soul-story is packed with triumph, drama and homespun happiness. Not since "Captains Courageous" has there been such a blend of love, laughter and humanity. All the grand personalities who appear in it have literally given part of themselves to make it truly great!

We sincerely believe our patrons will thank us for letting them know!
